**Portfolio Guidelines**

The Project Presentation component of Interview Judging is designed to help you reflect on your learning experience. The Portfolio will help you share with a judge what you learned in each Activity Area or Interest Area of the book. Here are some guidelines for putting together your Portfolio.

1. Use a 3-pronged folder.
2. A maximum of one single-sided page should be used for each Activity Area or Interest Area. No special paper is needed.
3. Any format can be used to illustrate your work and knowledge. This could include a timeline, journaling, photos, collage, etc. It can also be as simple as writing a paragraph about what was learned in the activity area.
4. Different formats can be used for each area.
5. No extra points will be given for “scrapbooking style.”
6. Note: These guidelines are identical to those for the Ohio State Fair Food & Nutrition Activity.
You must prepare all recipes for activities 1-6 along with the Notes for Next Time sections to complete the project. Dutch Oven Treasure activities is optional. Please keep track of the meals you have prepared using this chart.
