198 Market Lamb
Advanced Level

All dates are listed on the Tuscarawas County Fair Livestock Requirement Summary.

1. Member must own and raise one market lamb.

2. Read, study, and have a working knowledge of the 194R Sheep Resource Handbook for Market & Breeding Projects. Follow and complete all sections of the Member Project Guide on Page 2. Complete one or more topics of interest (Page 3), five activities in the advanced level and two learning experiences (Page 12), and two Leadership and Citizenship activities (Page 13). When doing activities from the book, have some type of proof showing what you actually did. A photo or short paragraph about it and not just a check mark beside the activity. NO SECTIONS ARE OPTIONAL.

3. Be able to identify live body parts.

4. Be able to identify breeds of sheep and describe breed characteristics.

5. Be able to identify correct and incorrect leg structures and jaw structures.

6. Be able to identify feedstuffs, and name the parts of the ruminant digestive system.

7. Have a working knowledge of the medication label and medication insert.

8. Be able to describe common sheep diseases and explain treatment record factors.

9. Be able to identify the Quality Grades, Yield Grades, how to calculate dressing percentage, and the ideal finish on a market lamb.

10. Know the wholesale cuts of a lamb.

11. Be able to name by-products of sheep.

12. Know Show Ring Ethics and QA terms.

13. Be able to identify general environmental needs that are essential to good management of a market lamb.
